Kia ora koutou katoa, Talofa lava, Kia orana,

Here we are in week 7 already.

- Our pool is well underway with repairs and weather permitting, the pool should be up and running before the end of the year. We had hoped to have it ready by the end of next week but the heavy rain last week and the week before put us back a bit. The whole pool is being ground back to concrete and cracks, from earthquakes, are being repaired before it has three coats of paint.
- Staffing for 2021 – we say farewell to Mrs Lee, our Learning Support Coordinator who joined us this year. We wish her all the best in her new position. We also say farewell to Mrs Kyle who has worked in R20 this year, with Whaea Haylee. We wish her all the best in her retirement. Mrs Doolan will be our new Learning Support Coordinator as from next year.

- A huge congratulation to our Kapa Haka group who performed on Thursday at Stock Road. I was very proud of the effort of the children. Special thanks to Whaea Whitney and her brother Matiu for the work that they put in to ensure that our group was superb.
- Congratulations to all of our Tamariki who took part in our Athletic Sports last week. The weather stopped the senior children part way through, but they were able to finish the sports on Friday.
- This Friday, our Y6's, as well as our new, New Entrants, will have their photos taken.

Have a great week.

Y6 Parents

If you have a particular Intermediate School in mind for your child and have not yet enrolled - please do so as soon as possible. Both schools will require you to supply a birth certificate or passport when enrolling. Both Hastings and Heret4unga Intermediates are zoned and places are filling quickly. Last week we heard Hastings Intermediate only had 3 spaces left for children who live out of their zone.

Vomiting virus circulating in Hawke's Bay

A vomiting and diarrhoea bug is circulating through the Hawke's Bay community.

Anyone with vomiting or diarrhoea should stay away from work and sick children should be kept home for at least 48 hours after symptoms had cleared. Careful attention to hand washing would help prevent the bug spreading.

It is very important to make sure children don't get dehydrated so they should drink plenty of fluid while they are ill.
